### PIE SUPPER.

There is to be a pie supper at West Point School Saturday evening, Nov. 6, proceeds to go for the benefit of the school. Everyone is cordially invited.

### MASONIC CLUB.

There will be a meeting of the Masonic Club members at its club rooms next Friday evening. This is an important meeting and every member should be on hand.

### BUYS GOOD MARE.

Mr. Lem Teater has just purchased of Mr. Mark Goins that richly and royally bred mare "Guilty" by Rex Peavine, with colt by side. The mare and colt cost Mr. Teater \$250.

### SOME TATER.

Mr. John Ball, the Mayor of Cathol, has just brought to this office the largest Irish potato we have seen this year. It is of the Early Rose variety and weighs two pounds. Can anyone beat it?

### AN INVITATION.

The Womens Club extends a cordial invitation to the teachers throughout the county to attend their district convention Saturday. Every subject discussed will be of interest to them but the one "Kentucky's War on Illiteracy" should be of vital importance.

### "ABIDE WITH ME."

The famous hymn, "Abide With Me, Fast Falls the Eventide," was written by Henry Francis Lyte, a minister of the Church of England, born at Kels, Ireland, in 1797. He wrote it when suffering from an incurable disease which he knew must soon end his life.

### CLARK-NAYLOR.

The wedding of Mr. George Naylor to Miss Nannie Clark was solemnized at the home of Rev. Tindler last Thursday morning at ten o'clock, Brother Tindler officiating. Miss Clark is a daughter of Mr. Sim Clark of this county, is very popular and will make a worthy helpmate to the fortunate young man who has won her heart.

### WE ARE FROM MISSOURI.

Danville, Ky--The gentleman at work on the new hotel proposition have the plans all made, and they're now being scrutinized by the fire insurance people. It is their intention to build an absolutely fire-proof house, and in order to reach this end have submitted the plans to the insurance companies' inspectors for suggestions. That the hotel will be built there seems now to be absolutely no doubt.

### OUR SICK.

Mrs. Jane Ballew who suffered from a fall at the home of her daughter Mrs. Joseph Burnside, one day last week, is still confined to her bed. Owing to her extreme age, being nearly ninety, she will probably be confined to her room for several weeks.

Master Clayton Morrow, son of Mr. and Mrs. E. W. Morrow, is confined to his home with typhoid fever, but at this writing we are glad to announce that he is doing nicely.

Friends of Mrs. Robert Burton will be distressed to learn that she lies in a critical condition at her home near McCreeary. Mrs. Burton has been sinking rapidly for the past few days.

### A VALUABLE DOG.

Mr. V. A. Lear always knew that he possessed a valuable dog in "Fido" but he never realized his financial worth until last week when he refused a cash offer of \$165 for him. Fido is considered by every one to be the best driver that was ever known and often shows human intelligence while performing his duties. Mr. Lear says that he can do the work of six boys or men and is always glad to do it. He will go ahead and stand in a lane or gate that he sees open and never allows one to go thru. Mr. Lear is justly proud of "Fido".

## GARRARD COUNTY GOES DEMOCRATIC BY SAFE MAJORITY

STANLEY, KAUFFMAN AND BALLARD CARRY COUNTY BURNSIDE, REPUBLICAN ELECTED CIRCUIT CLERK.

Although counted as a Republican county, especially in a state race, Garrard redeemed herself last Tuesday by giving Stanley a majority of 58, electing H. Clay Kauffman to the legislature by a majority of 118 over his opponent, J. S. Haselden, while G. T. Ballard Jr., defeats Joe Hammond for sheriff by a handsome majority of 180 votes. Hon. W. B. Mason, the best circuit clerk in the state was defeated by Joe Burnside, Republican, by a majority of 129. Some of the Democratic fingers in this county must be worn to a frazzle from the way they scratched in the Circuit Clerk race last Tuesday. Mr. Burnside is a splendid young man and is to be congratulated upon his victory. When this county went Democratic last Tuesday, it achieved one of the greatest victories in its political history by defeating a united Republican party, something that was never done in a state race. Mr. A. B. Brown, the county campaign chairman did some noble work for the entire ticket and much credit is due him for the great DEMOCRATIC VICTORY in Garrard county. Both constitutional amendments have lost in the county and the stock law was defeated in the Paint Lick and Union precincts by nearly three to one.

The returns show that only 30 Bull Moose votes were cast in the county, while Pickett the Prohibition candidate received a total of 46 votes.

## STANLEY WINS

LATEST RETURNS GIVE HIM PLURALITY OF 5,000.

With all counties in the state heard from, Democratic headquarters give Stanley's minimum majority of 5,000 and claims his safe election together with the entire Democratic State ticket. The majority is "not so deep as a well, nor so wide as a church door, but 'tis enough 'twill serve". Kentucky has elected Mr. Stanley, not primarily because he is a Democrat, but because it has taken him at his word, and his election means the end of invisible government, the wiping out of the State's debt, the betterment of its schools, the building of the State's roads, and a new system of taxation.

Mr. Stanley was a presidential elector in 1900, and two years later was elected to Congress for the first time from the Second Kentucky district composed of the counties of Christian, Daviess, Hancock, Henderson, Hopkins, McLean, Union and Webster. He served that district in Congress for six consecutive terms, declining to stand for re-election in 1914, making the race for the Democratic nomination for United States Senator in August of that year. He was defeated by J. C. W. Beckham, and a short while later began his race for the Democratic nomination for Governor, defeating Harry McChesney, his nearest opponent, by 37,863 votes.

### OFFICIAL BOARD MEETING.

A meeting of the official board of the Christian church will be held at its regular meeting place next Wednesday afternoon. A full attendance of the board is asked for this meeting.

### MACCABEES TO MEET.

State Commander Mr. M. F. Elkin is in the city in the interest of the Maccabee Lodge of this place. He asks us state that a meeting of this lodge will be held in the Odd Fellows hall next Friday evening, when several candidates will be initiated. A full meeting of the entire membership is asked to be present on this occasion.

### WINS FIRST PRIZE.

Mr. S. L. Allen, of Lagrange, Ky., and son-in-law of Mr. J. R. Mount, of this city, won the first prize given by the Cincinnati Commercial Tribune in the Booklovers Picture game. The prize was well worth striving for, being \$1,000 in gold and Mr. Allen is to be congratulated upon his winnings. A capital likeness of Mr. Allen appeared in last Monday's issue of the Commercial Tribune.

### BARN BURNS.

Last Thursday afternoon, from some unknown cause, the barn of Mr. J. I. Hamilton, located in the rear of his premises on Lexington street, caught fire in the roof and was almost totally destroyed. The fire department responded readily, but not until the roof and loft was burned. The loss is about \$300 with no insurance.

### STANFORD ROAD COMPLETED

The Stanford road from the city limits to the Lincoln county line near White Oak has been completed under the State Aid law and we now believe we have in this road one of the best in the state. This road is on the Boone Highway and while quite expensive, it must be remembered that the county bears only one half of the expense, while the other is put up at the expense of the state. Mr. Freeman was the state's supervisor in remodeling this road and that he understands his business, is evidenced by the fact of his good work. Hughes and Ware have the contract for rebuilding the Lexington road, under state specifications and have about four miles completed.

## A PASSE HERO

Job had his troubles, yes, indeed; That's what he was created for But still he never had to read All day about the foreign war. Job's luck, it certainly was bad; It followed him where'er he went; But at its worst he never had To read a comic supplement. Job had to fight his way through life. His battle tales would fill a book; But still 'twas imitation strife— He never had to fire the cook. Job's troubles sought him everywhere. They came to him from near and far; But still he had no need back there To dodge the snorting motor car.

### Best Cough Medicine for Children.

"Three years ago when I was living in Pittsburgh one of my children had a herd cold and coughed dreadfully. Upon the advice of a druggist I purchased a bottle of Chamberlain's Cough Remedy and it benefited him at once. I find it the best cough medicine for children because it is pleasant to take. They do not object to taking it," writes Mrs. Lafayette Tuck, Homer City, Pa. This remedy contains no opium or other narcotic, and may be given to a child as confidently as to an adult: Sold by all dealers. 1-m.

Mr. Jno Brown and son of Ill. are guests of Mr. and Mrs. James Sutton.

Mr. and Mrs. C. B. Flanary were guests of Mr. and Mrs. O'Hearn last week.

Mr. Jim Byres and wife have returned to Detroit after spending two weeks with Mr. Jno Royston and family.

Rev. and Mrs. Mahan and Miss Eugenia Pollard will attend the Association at Jellico Tenn. which convenes there the 16 of Nov.

Miss Bertha Flannary and brother of Preachersville, Miss Mary Barr and sister and Miss Lucretia Spurlock of Fonso were guests of Mrs. O'Hearn and family and attended the pie supper.

"Where there's a will there is a way" has been proven by the teacher and pupils of Rice Academy. The school can now boast of a handsome bookcase; secured as a premium for making an order from the Larkin Co.

Ed. Perkins and wife of Nicholasville moved Monday to the cottage belonging to J. S. Skinner, where they will reside until getting possession of the farm which he recently purchased from W. G. Rankin, in the bend.

Miss Nettie Lee Kemper is taking orders for the Larkin company for the purpose of securing an invalid chair as a premium. She right often sells little articles while lying on her bed and has many friends who will gladly assist in securing the chair, which will be so restful to the tired little body. "Inasmuch as ye have done it unto the least of one of these my brethren you have done it unto me".

Mrs. Fannie Hawley and daughters, Misses Brunette and Rena were the guest of Mr. and Mrs. B. G. Smith last Sunday.

## CARTHAGE WOMAN TELLS HAPPY STORY

Mrs. Laura Duke of Carthage, Tenn., was a victim of stomach disorders for several years. She lost appetite and her weight fell off. She could not rest at night.

She took Mayr's Wonderful Remedy—just a few doses—and found herself restored.

In fact, Mrs. Duke's recovery was so rapid she was afraid that it could be only temporary. So she waited from September, when she took the remedy, until the following February to pass judgment. Then she wrote:

"I write you in regard to your wonderful stomach remedy that I took last September. I feel better than I have in five years."

"My weight was 127½ pounds; now it is 147½, and I can eat anything I want. I sleep well at night. I would have written before, but I wanted to see how I got along."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

## PAINT LICK HIGH SCHOOL NOTES.

(Contributed by the pupils)

The October examinations are on. Professor is still wearing that green tie clasp.

Sam has been at school every day this week.

The school is experiencing a scarcity in artium.

Sadie Ralston is wearing a new purple hair ribbon now.

Mr. Wylie, of Wallacetown, was a recent visitor to our school.

The southpaws have been doing some good twirling this week.

Miss Neil Rice has almost enough coupons to buy a rocking chair. And after that?

After a protracted fishing trip in Paint Lick Creek, Dewey is back in school again.

G. L. W. admits having taken a hike in the wee small hours, looking for the Seven Sisters.

The Primary room was dismissed on Wednesday afternoon, on account of Miss Bryant's illness.

Is there any truth in the report that Amis sleeps with his head in a meal sack, to protect his pomp?

C. is said to be wearing shoebuttons on her dress. She blames it on the hard times induced by the war.

Hearty interest is being shown in the morning readings from Dallas Lore Sharp's "The Fall of The Year".

A new set of shelves has been put up in the Bookroom by our carpenters de la escuela, Chester and John L.

Mabel and Ava will not be allowed to draw any more water, if they can't do it without snarling the cups all up.

Senior Girl: Aha, Professor's got a clean shirt on this morning.

Professor: (indignantly), "Taint so."

The white kitten stepped into an inkwell. Modestine would be careful. Our ink is costing us three cents a year apiece.

Some of the girls cleaned up Teacher's desk, and now he complains that he can't find anything he wants. Their intentions were good.

Our two pets, Modestine the kitten, and Sammy the mouse, had a game of tag yesterday, the score being two to one in favor of Sammy.

The Senior class gave several interesting talks on scientific subjects, on Thursday. Ora showed special aptitude in dealing with the subject of "Cotton".

Frrnk Ledford, who is built on the Ichabod Crane style of architecture, is making much progress catching ball, and the other boys are letting him hold the sack.

We celebrated the visit of Mrs. E. L. Woods and Miss Jennie Higgins to our school Friday afternoon by hurrying thru the work and dismissing early, at four o'clock.

James couldn't take part in the adding competition, on account of a dreadful headache. James also blames the band for putting him out of step, in Friday's hike.

Amis and Sam C. are polishing up their lanterns, as there are still two fat wads of debit slips of spelling and memory work ahead of them, and the days are getting shorter.

What is it that goes up a stovepipe down and down a stovepipe down, but will not go up a stovepipe up, nor down a stovepipe up? Gordon says anybody ought to know it's an umbrella.

We had to be very quiet the nextday after the measuring party at Kirkville school. Mr. W. had been served two suppers, thru an accident which he claims was unavoidable, and wasn't feeling very peart.

The Richmond band came to the school Friday at ten, and played several selections for the entire school, after which the high school company marched with them to the village, to hear the Democrats, as Earle says, "talk about the Republicans".

In a discussion of that interesting animal, the skunk, the Professor remarked that it wouldn't get out of anybody's way. One of the pupils said it didn't have any sense. Others took exception to this statement, and averred that the skunk had plenty of sense. Carried.

Mrs. H. D. Wallace dropped in to see us about noon one day, and caught us in one of our infrequent spasms of housecleaning. The boards were made to look so clean and unnatural that Prof. Waterbury timidly asked permission of the girls to write on them, that is, the boards.

EASY WAY TO MAKE  
HAIR ATTRACTIVE.

Ladies who find trouble in properly or attractively arranging and dressing their hair should try using a little Parisian Sage twice daily for a while and note the remarkable improvement. Parisian Sage, which can be obtained from R. E. McRoberts or any drug counter, makes the hair soft, lustrous, fluffy and wavy, takes out the dull, lifeless appearance, dissolves the dandruff and stimulates the hair roots into healthy normal action. Instead of merely sprinkling the hair, it should be rubbed right into the scalp with the finger tips. Parisian Sage is a delightful treatment for both hair and scalp, cannot possibly injure the hair and is very inexpensive.

**COLDS AFFECT THE KIDNEYS**

Many Lancaster People Have Found This to be true.

Are you wracked in bad weather? Does every cold settle on your kidneys? Does your back ache and become weak? Are urinary passages irregular and distressing? These symptoms are cause to suspect kidney weakness. Weakened kidneys need quick help. Doan's Kidney Pills are especially prepared for weakened kidneys. Lancaster people commend them. C. T. Brummett, grocer, Crab Orchard, St. Lancaster, says: "Nearly every spring I use Doan's Kidney Pills to keep me in good health. During the winter, colds settle on my back and causes pains through my kidneys. Doan's Kidney Pills stop the pains and make my kidneys normal." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brummett had. Foster-Milburn Co., Props., Buffalo, N. Y.

Mrs. Willie Moberly was at the bedside of her sister, Mrs. Bob Burton, who is quite ill. Miss Gertrude McQuerry was the attractive guest of Miss Eulalia Montgomery of Lock No. 8. Mr. and Mrs. John Roberts and daughter, Beulah, were the guest of Mrs. Mary Sanders the past week. Sanders Bros delivered 40 head of fat hogs to V. A. Lear last Monday at 7.10 per lb. Joe Aldridge delivered to same party a bunch for 67c per cwt. Mrs. Sallie Sanders of Hyattsville, Mrs. Henry Sanders and little daughter Daisy Brooks of Point Leavell were the pleasant guests of Mrs. Mary Sanders and family last week.

**Despondency Due to Indigestion.**

It is not at all surprising that persons who have indigestion become discouraged and despondent. Here are a few words of hope and cheer for them by Mrs. Blanche Bowers, Indiana, Pa. "For years my digestion was so poor that I could only eat the lightest foods. I tried every thing that I heard of to get relief, but not until about a year ago when I saw Chamberlain's Tablets advertised and got a bottle of them, did I find the right treatment. I soon began to improve, and since taking a few bottles of them my digestion is fine." For sale by all dealers. 1-m.

**PREACHERSVILLE**

Mr. Arthur Miller is convalescent. Miss Maggie Arnold has been sick. Mrs. Wm. Dyehouse is some better. Mrs. Fado Parks has been complaining. Mrs. R. P. White visited her parents Mr. and Mrs. S. D. Carpenter Sunday. Mr. and Mrs. J. M. Cress and family have been visiting Mr. Joseph Smith, at Brodhead. Mrs. Grover Gattineau and children, of Point Leavell, visited her father, Mr. John Naylor. Rev. J. E. Robinson preached Saturday night, Sunday and Sunday night at the Methodist church. Services Saturday night, Sunday and Sunday night at the Baptist church by the pastor, Rev. J. M. Rogers. Mr. John Cummins and family, of Tysone distillery, near Lawrenceburg, visited Mr. and Mrs. H. G. Cummins. News reached here of the death of little Polly Ellen Wooten, aged three years, from diphtheria, at the home of her parents, Mr. and Mrs. Charles Wooten, of Spaine, Ky. The little girl was unusually bright and much sympathy is felt for the unfortunate parents in the loss of their only child. Mr. James Payne has returned from Lebanon Junction where he went to attend the burial of his brother, Mr. J. T. Payne, who was killed by a train. Deceased formerly lived here and at Rowland. He was a prominent Macabee and Odd Fellow. He is survived by a large family, all of whom are grown. Deceased was a cousin to the writer and was a most excellent gentleman, a kind, indulgent father. Peace to his ashes.

**RHEUMA FOR RHEUMATISM.**

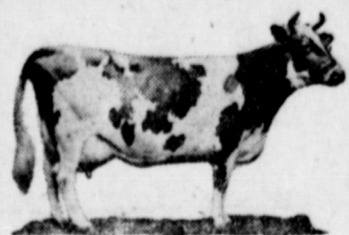

No matter how many remedies you have tried and failed to get relief, one trial of Rheuma will convince you that sciatica and all forms of rheumatism can be permanently cured. R. E. McRoberts and all druggists sell it for 50 cents. "I was so crippled with sciatic rheumatism I could not walk. Three bottles of Rheuma permanently cured me." Guy Turley, St. Paul, Minn. Rheuma gets right into the blood, dissolves the uric acid crystals and passes them through the kidneys and bowels. This is the best way to cure rheumatism. The manufacturers guarantee it. 10-28-21

**DAIRY and CREAMERY****FEED THE DRY COWS.**

Pays to Have Animals in Good Condition at Calving Time.

Milk insurance? Probably you have not heard it called that, but feeding a dry cow is insurance against next year's low yield, and nothing else, writes George Leslie in the Country Gentleman. Visiting farms all over the United States, I have often had intelligent men tell me it "cost enough to feed the cows when they were milking without paying for grain to put into them when they were dry and doing nothing." They do not realize that nothing on four feet is nearer perpetual motion than the dairy cow, milking or dry.

The dry cow is doing three things—building up the calf's body, storing up flesh, not fat, to draw upon when she

The cattle on the island of Guernsey, as also on the neighboring islands of Jersey and Alderney, were undoubtedly imported originally from Normandy. There was a divergence in breeding, however, and, while the Jerseyman sought to breed a cow of great beauty, the Guernseyman stuck to his yellow and white cow, firm in his faith in her ability to bring profits. The law prevents the importation of foreign cattle, so the Guernsey breed has remained pure. The picture shows a Guernsey cow.

comes in, and keeping up her own bodily health. Water, hay and cornstalks will not do these things, and if the cow gets nothing else the milk pails will not be so full by many dozen quarts when she comes in.

When, after a couple of months of fairly good yield, your cow begins to slacken off instead of keeping on and doing well for ten months, you have evidence that she was not given the feed she should have had when dry. The cow builds up her own worn-out body tissues, builds the bones, blood and flesh of her calf and makes the milk she gives all from the feed you put into her manger. While she is dry uses it all for body building for herself and her calf, but if you shorten her feed it is the cow that goes without, not the calf. As a logical consequence the cow calves in poor flesh and has nothing to draw upon for milk production in the way of body flesh, which is mainly protein, and can make only the milk you give her feed for, which is not all she is capable of. The cow that is fed well while dry lays by a store of red flesh, and when she calves she has that to draw upon for weeks, thus allowing you to feed her lightly at first and then more heavily, so that she comes to her full flow at about the same time the straw fed cow begins to shrink.

Up to two weeks before calving the dry cow should be given the ration she is fed to make milk; then it should be changed to equal parts of ground oats and wheat bran, with a small amount, about half a pound, of linseed oil meal. It is assumed that bran and linseed form part of the milking ration. Roughage and succulent the cow should have always, but the silage or roots or beet pulp can be decreased while she is dry.

**CAUSE OF ROPY MILK.**

Condition Usually Due to Unclean Dairy Utensils.

Stringy or ropy milk is usually due to a certain class of bacteria which work upon the casein and albuminoids of the milk, says Hoard's Dairyman. They get into it from pails, tanks, vats or other milking utensils and give to the milk or cream a stringy consistency. Sometimes this infection can be traced to cattle wading in sloughs or marshes. In such cases no doubt the bacteria are carried on the udder and teats, and at the next milking the freshly drawn milk is infected. If a needle is dipped into such milk and then lifted some of it will be raised in long threads. The remedy for this trouble is clean milking utensils and containers and an avoidance of the above mentioned sloughs. This is only one of the many reasons for scalding, either with boiling water or steam, all milk containers and for practicing scrupulous cleanliness in milking and handling the milk. Feed does not affect this trouble.

**Ration for the Bull.**

A good ration for the bull will consist of all the clover hay he will consume without waste and ten to fifteen pounds of good silage. If the bull is at heavy service or it is necessary in order to keep him in good condition feed sufficient of a grain mixture consisting of equal parts of dried brewers' grains and ground oats or bran. At \$20 per ton the dried brewers' grains is the cheapest feed, but the oats or bran will add variety and lighten up the ration. If no silage is fed it may be desirable to feed from a half pound to a pound of oilmeal daily, possibly adding corn and cob meal to the regular grain ration.—Hoard's Dairyman.

OF

**BEAUTIFUL DANVILLE FAIR GROUNDS**

We will offer for sale at public auction in front of the court house door in Danville, Ky, on county court day,

**November 15, 1915.**

at 2 o'clock, P. M., the Danville fair grounds, located less than a quarter of a mile from the city limits on the Perryville road. The property contains about forty acres of land and is joined immediately on the east by West Danville, a new subdivision, which has now been almost entirely built up. Streets run up to the grounds which are subject to subdivision and sale as desirable building lots. The grounds are the most beautiful in the state and splendidly improved. The front section of more than twenty acres is a beautiful woodland and would be unsurpassed for a magnificent country home. It is immediately opposite the country estate of Col. Robert G. Evans. The improvements consist of a residence, a number of large barns, an amphitheatre, large grand stand, and outbuildings. The place is well watered with two wells and a cistern. Terms made known on day of sale.

# I Found It In Louisville.

I told you last week how I had been looking for something good to bring you people and how I had finally found it.

Well here's the story.

About three months ago when I was up in Louisville, I was talking to my son and he told me that he had just heard of a new device that was called a Butter Separator.

He said he had heard it claimed that this Butter Separator could produce butter from sweet or sour cream or any kind of cream in two or three minutes time. That the principle upon which it worked was entirely new and that the butter it produced was vastly superior to any butter made in a "churn."

It was suggested that we go around and see this Butter Separator and so somewhat reluctantly and full of disbelief, I went around to see it.

It was a simple looking affair without a top and it seemed absurd to claim that this thing could make butter. They then brought in some ordinary cream and sure enough in less than two minutes from the time they started to operate the Separator there was butter. And such butter as this was. It was made up of thousands of little round globules, smaller than a pea. It was dry, flaky, almost mealy and had none of that salvy greasy appearance that is so characteristic of butter made in a "churn." It was altogether the finest butter I ever saw and the best butter I ever tasted.

After I had seen this Butter Separator work, after I had seen for myself the vastly superior butter it produced, after I had been shown how this Butter Separator was to be made the foundation of a movement that would revolutionize the entire butter making system now in use and enable every farmer or farmer's wife to get a good deal more money for the butter they were making, right then I knew that this was the one proposition that I had been looking for.

I have had to wait three months before I could get any of these Separators but by next week I will have some of them and by the week after next, I will be ready to supply everybody.

So you can watch this space again next week to learn a lot more about this wonderful New Butter Separator. Any of you people who are interested in making better butter and in getting more money for it, can arrange to have one of the first demonstrations and secure one of the first Separators, by calling me up (Phone No. 332) or writing me a card or stopping me on the street and telling me when you will be ready to have me come out to your place and make butter for you in two or three minutes time from your own cream.

### "SUBMARINE ATTACK ON BOOZE."

The Ben Franklin Mutual Casualty  
Insurance Company is sending out  
advertising matter from its offices in  
Chicago includes a copy of Safety Bulletin  
No 5 of the Illinois Steel Company,  
which, under the above caption,  
reads as follows:

"For the married man who cannot  
get along without drinks, the following  
is suggested as a means of freedom  
from bondage to saloons;

"Start a saloon in your own home.  
Be the only customer (you'll have no  
license to pay). Go to your wife and  
give her two dollars to buy a gallon of  
whisky, and remember there are sixty-  
nine drinks in a gallon. Buy your  
drinks from no one but your wife, and  
by the time that the first gallon is gone  
she will have eight dollars to put into  
the bank and two dollars to start business  
again.

"Should you live ten years and con-  
tinue to buy booze from her, and then  
die with snakes in your boots, she will  
have enough money to bury you decently  
educate your children, buy a house and  
lot, and marry a decent man, and quit  
thinking about you entirely.

"Note—Most compensation laws  
specifically provide that no compensation  
shall be paid to any employee who is  
injured while under the influence of  
intoxicants."

### CHARRED BODY Of Unknown Man Found In Ruins Of Straw Stack.

A large straw stack on the farm of  
W. H. Carson, near Burgin was burned to  
the ground Sunday night. Monday  
afternoon, parties who had gathered at  
the scene observed the charred remains  
of a man in the smoldering flames. So  
badly burned was the body that it was  
impossible to identify it. The body  
was taken to Harrodsburg, together  
with a pistol, buttons and some buckles  
which were found near the body, in  
the hope that it may be identified.  
A report has gained circulation that  
the body may be that of Tom Ison  
who shot Ramond Mayes near Bryantsville  
last Saturday night. Immediately  
after the shooting, Ison disappeared  
and no trace of him has been found.

### FRAZIER HURT BUYS INTEREST IN FLOUR MILL Leaves Soon With Family For Asheville, N. C.

It is with regret that we announce  
that Mr. F. G. Hurt and family will  
move shortly to Asheville, N. C., where  
they will make their future home. Mr.  
Hurt has recently bought an interest  
in a large flour mill in that city and the  
company with which he will be connected  
has just been capitalized for \$75,000.  
The new mill will have a capacity of  
300 barrels of flour and 1,200 bushels  
of corn meal per day, while a feed  
milling plant will be conducted in connection  
therewith. Mr. Hurt will be the  
secretary of the corporation, as well as  
its business manager. He has recently  
sold his beautiful home here on "Hill Court"  
to Mr. Roy Schooler and possession will be given January 1st.

### CITY COUNCIL Gives More Aid And "Park Beautiful" Is Assured.

The work on the Park is going right  
along. The dirt to fill up will be hauled  
this week, then the trees will be  
planted, the light standards put up, the  
greatest work ever done to beautify  
and improve Lancaster will be completed.

An old citizen who lived in days gone  
by, Mr. Lige Burnside, had great faith  
in Lancaster, and he often said, "Lancaster  
people can do any thing that they want to."  
The truth of this has been proven by the work  
done on the Park. By the co-operation of the  
council, Commercial and Woman's Club assisted  
by the citizens, the task has been accomplished  
which will make Lancaster one of the prettiest  
towns in the state. Not only have the home  
folks been interested but several who  
have gone out into wider fields of activity,  
where success has crowned their efforts  
have remembered us, and sent aid.

From Chicago the busy Western City  
George Mason sends a check and good  
wishes. Still further West W. I. Williams,  
now a prosperous man of affairs sends a check.

Herbert Kinnaird from Illinois hopes  
the Park will be beautiful and sends a  
check to help make it so.

One of the most enthusiastic of all  
our former citizens is Jim Pearce now  
of Junction City.

From the fair Southern State of  
Alabama, George Harris makes a donation.

Big hearted, prosperous Bob Hughes  
from Louisville, sends congratulations  
and help.

From our neighboring city of Danville  
come gifts from Mr. Wiseman and  
Emmet Puryear. They all express  
great pleasure that this much needed  
work is being done.

No town in Kentucky has a finer  
Mayor, or better Council. They stand  
for progress, and improvement, along  
all lines. They have decided at their  
last meeting to help finish the payment  
on the lights for the park. This will  
insure its completion in a short time.

### \$5,000 PAID FOR KENTUCKY BRED BULL.

The biggest sale of pure bred Hereford  
cattle ever held in the Middle West,  
if not in the United States, was held at  
the American Royal Live Stock Show  
in Kansas City, last week, when forty-  
six head of registered Herefords brought  
an average, of \$1,050 each. The highest  
price paid, \$5,000, was by S. H.  
Velle of Kansas City, for a bull, Prince  
Rupert 923, owned by W. N. Collier of  
Fulton, Mo., and bred by Luce & Moxley  
of Shelbyville, Ky.

The highest price paid for a heifer  
was \$2,400 for Dorothy Perfection 33,  
a 2 year-old owned by E. H. Taylor, Jr.,  
of Frankfort, Ky., and bred by W. H.  
Roe of Shelbyville, Ky. A. B. Cook of  
Helena, Mont., bought the heifer.

ALL MIDDLE WEST REPRESENTED.  
Close to one thousand persons attended  
the sale. According to Hereford  
breeders the cattle offered were the best  
lot ever led into a sales ring. Some of  
the biggest herds of Missouri, Kentucky,  
Minnesota, Kansas, Iowa and other  
states were shown.

At the last American Royal, in 1913,  
the Hereford sale averaged \$285 and  
the highest price paid was \$1,975.

### IMPORTANT NEWS FROM OUTSIDE.

Here is positive proof of good times  
and the success possible for an article  
of honest value, when backed by good  
advertising in the right newspapers.

If there has ever been any question  
in the minds of our readers regarding  
the productiveness of the Central Record  
as a business building medium,  
that question is settled definitely now.

We have just received a big contract  
for advertising space from the Calumet  
Baking Powder Co., manufacturers of  
the famous Calumet Baking Powder.

Year after year at this season, they  
make their contracts with the leading  
publications. They advertise in thousands  
and thousands of newspapers  
throughout the country and are in a  
position to know the value of newspaper  
publicity.

The absolute purity, the unquestioned  
wholesomeness and wonderful economy  
of Calumet Baking Powder, all backed  
by honest advertising in the right mediums  
has succeeded in building for them a  
tremendous business and enviable  
reputation. This year Calumet advertising  
will be very much different than any  
of the previous years. One of the  
country's best character artists has  
created for Calumet a cute little character  
which will amuse the youngsters and  
tell the housewives in his own individual  
way, how to secure the best  
results in baking.

### RETURNS FROM ASHLAND PRESBYTERY Enthusiastic Over Reception Given Delegates.

Rev. J. R. Spith and E. M. Walker  
returned from the Ashland Presbytery  
last week delighted and enthusiastic  
over the reception and entertainment  
they received at the hands of the local  
people of that thriving city. The delegates  
were welcomed to Ashland by  
Dr. W. C. Condit, who has been the  
local pastor of the Ashland church for  
the past fifty years and it was in his  
honor that the Synod was held in Ashland  
to help celebrate the Golden Anniversary  
of this beloved man. The Ashland Independent  
modestly assume to speak for the entire  
people of North Eastern Kentucky,  
when we say to you, Dr. Condit—pastor,  
leader, friend, that our admiration  
for your attainments, our appreciation  
of the kind and gentle spirit in which  
you have worked, and our abiding love  
for your personality—simple, charming,  
genial—will walk with you into the  
Valley of the Shadow of Death. We  
hope and pray that your life may be  
spared many years yet, that you may  
continue to add golden deeds to a ministry  
that has stretched away over half a  
century of our nation's greatest  
achievement."

### LANCASTER DOLLING UP.

Our good sister city, Lancaster, is  
rapidly coming to the front in the way  
of improvements. The handsome new  
courthouse will be completed about the  
first of the year and the public square  
will soon be thoroughly transformed  
into a thing of beauty. The park in the  
center of the square has been encircled  
with concrete sidewalks, the old trees  
removed and handsome concrete walks  
made, between which are grass plots and  
flower beds. In the center thereof is being  
erected a handsome fountain. The city council  
is now figuring with contractors for  
paving the square with vitrified brick.

### PHELPS.

News has reached here of the death,  
in Paragould, Ark., of Mrs. Jack Phelps,  
who was a daughter of Mrs. John Morgan,  
formerly Miss Abbie Yantis, of this city.  
Mrs. Phelps, had many relatives in this  
county, being a granddaughter of the late  
William A. Yantis. The Paragould paper  
contains the following:

"Funeral services over the remains  
of the late Mrs. Jack Phelps were held  
yesterday afternoon in the presence of  
an assemblage of friends that filled the  
large auditorium. Reverend F. C. Laslette,  
pastor of the church, delivered a touching  
address in which he spoke of the splendid  
qualities and Christian life that Mrs. Phelps  
had led. Dozens of handsome floral tributes  
attested the esteem in which the deceased  
was held by her friends. Following the  
services the body was conveyed to Lin-  
wood cemetery for interment. John A.  
Morgan, father of Mrs. Phelps, and Miss  
Elizabeth Morgan, her sister, both of  
Houston, Texas, were present. Others who  
attended the funeral were Frank S. Yantis,  
of Scott City, Kar., Mack Salter, of Texarkana,  
Mrs. Irene Shaver, of Wynne and Hugh Phelps  
of Lutesville, Mo."

### SELLS TWO-THIRD INTEREST In Flour Mill And Electric Light Plant.

Last Monday afternoon, Mr. Alex  
Walker sold a two-third interest in his  
large flour mill and electric light plant  
to Mr. W. B. Lee and Mr. John Hicks,  
both splendid gentlemen and influential  
citizens of this county.

The transfer will be made January  
the first and included in the deal is the  
large warehouse near the shipping pens  
and all wheat and feed stuff on hand at  
the time of transfer. The sale involves  
about \$45,000 and the property is considered  
the most valuable in the city. Mr. Walker  
has recently bought a large mill in Oklahoma  
and as this will probably take up quite a  
little of his time, was the reason given for  
selling some of his holdings here. Mr. Hicks  
recently purchased the Alex West farm  
near Lancaster, containing ninety-six  
acres and is offering it for sale or will  
rent it to responsible party for the year  
1916. Both Mr. Lee and Mr. Hicks will  
move to town as soon as homes can be  
secured.

### SERIOUSLY WOUNDED RAYMOND MAYES, OF BUENA VISTA, Shot By Tom Ison Near Bryantsville.

Raymond Mayes, a well known and  
popular young man of the Buena Vista  
section of the county, was seriously  
wounded last Saturday night near  
Bryantsville by a pistol shot in the  
hands of Tom Hicks. According to the  
best information that can be obtained,  
both had attended a halloween entertainment  
near Bryantsville and it is said that  
Mayes had started home in a buggy  
accompanied by a young lady and when  
about one mile beyond Bryantsville, was  
halted by Ison and told that one of them  
had to die and immediately fired, the  
bullet taking effect in Mayes breast. Two  
shots more were fired, but missed the  
mark going thru the bow of Mayes buggy.

Mayes was hurried to the hospital at  
Danville, where he now lies. While his  
wounds are serious, his condition is not  
critical and he may recover. Ison has  
skipped out and has not been located.

### OLDEST RED MAN INDORSES TANLAC

Remedy Filled Him With New Energy  
and Vigor After Many Years.

Louisville, Ky., Nov. 3rd.—Among  
those to indorse Tanlac recently is  
Fred Meinecke, a retired hardware  
dealer, of 2522 West Jefferson street,  
this city, who found speedy relief from  
chronic stomach trouble by use of the  
premier preparation. Mr. Meinecke,  
who is sixty-eight years old and the  
oldest member of the Order of Red  
Men in Kentucky, said:

"I was suffering from stomach trouble  
for many years. Finally my condition  
became so serious that I was forced to  
retire from business. I was unable to  
retain even the lightest foods on my  
stomach, and had the most severe pains  
imaginable in my abdominal regions  
after eating. I suffered from headaches,  
nervousness, and dizziness, and found it  
difficult to sleep.

"After being advised by friends to try  
Tanlac, and seeing it advertised in the  
newspaper, I decided to try it. I was  
astonished at the result. After taking a  
few doses my appetite returned and I  
found that I could eat anything I craved  
with relish. The nervousness and dizziness  
disappeared and my sleep became restful  
and peaceful. I no longer suffer from  
pains in the abdomen and head.

"I can do as much work now as I  
ever could and feel as well as I did 20  
years ago, before I became affected with  
stomach trouble."

Tanlac, the premier preparation, is  
sold in Lancaster at R. E. McRoberts  
and in Bryantsville by Becker, Ballard  
and Scott.

### BASTIN.

Many hearts were made sad in our  
community Thursday morning when the  
telegram from Detroit Mich., was received,  
that Mrs. Clinton Bastin passed away  
at 6:30 A. M.

She was the daughter of Cleon Insko  
of Millersburg, who with his wife,  
three sons, and two daughters, together  
with her young husband mourn her loss.

She was married to Mr. Clinton Bastin,  
Nov. 1st, 1912. After a short stay here,  
they moved to Detroit Michigan. In their  
new-made home they made many friends.  
Mrs. Bastin was 24 years of age, and a  
consistent member of the Christian church.  
In the up-building of the Christian church  
there, she and her husband took an active  
part, he being a member of the Men's Adult  
Bible Class, eighteen of whom spent the  
entire night with him in his bereavement.  
She was an active christian ever about her  
Master's business, and when this illness  
came upon her, five weeks ago, she bore it  
with great fortitude; when sympathizing  
friends showed their concern she would  
assure them she "wasn't suffering much."

Her pastor, Rev. Clingmon, accompanied  
Mr. Bastin and the remains to Millersburg  
Friday and remained with him, conducting  
funeral services in the Christian church  
Sunday afternoon at 2:30 o'clock, assisted  
by Rev. F. M. Tindler and the pastor of  
Millersburg church. The profusion of beautiful  
flowers bore mute testimony of the love  
and respect of her many friends.

Besides her immediate family and  
relatives she is mourned by a Sunday  
School class of 20 little girls, who were  
devoted to her, and a blind woman, who  
lived on her street will miss the daily  
walks in the sunshine, together with over  
fifty little orphans in the Orphan home,  
where she frequented so often to help them  
dress their dolls and give a motherly  
caress to the motherless.

How beautiful that one so young in  
years should have caught the vision of  
active Christian service and have laid  
hold on the things in this life that now  
count for her eternal glory.

While our sympathy is extended to the  
bereaved young husband and her family,  
we glory in a life dedicated to her  
Master and fully attune to His Divine  
plan.

NATIONAL DAY OF PRAYER FOR AMERICA IS FIXED.

The Federal Council of the Churches of Christ in America announced today that Sunday, November 14, had been appointed as a day of prayer in behalf of the Armenians and other races who are extreme sufferers because of the European war. The announcement has been sent to 75,000 churches throughout the United States, and the council believes it will be generally observed.

"The cry from the Near East at this moment," the announcement states, "not only reaches the heart of humanity, but profoundly stirs our sense of obligation and responsibility."

FARM LAND-20 YEARS TO PAY.

Fertile farms in Western Canada offered by the Canadian Pacific Railway Company. Productive soil, good climate, ready markets, fine churches and schools, unexcelled transportation, all conveniences and opportunities of best farming districts anywhere. Prices \$11 to \$30 an acre; irrigated land from \$35. Loan of \$2,000 to assist practical farmers in irrigated districts. Twenty years to pay—or sooner at your option. Long before your final payment is due your farm will have paid for itself. Also some improved farms with houses, barns, wells, fencing etc., on the same favorable terms. Interest in all cases only 6 per cent. This offer is based on good land; we offer these terms because we know a farmer on our lands can "be successful"; he can live well and save enough to pay for his farm. Western Canada lands are naturally suited to growing grains, foddies, vegetables, dairying and raising horses, cattle, hogs, swine, poultry. Cash in on the high grain prices. Don't delay; the best land will be taken first. Write today for free handbook and full information to Mr. R. B. Thompson, District Representative, Canadian Pacific Railway, Department of Natural Resources, 112 W. Adams St., Chicago 10-14-15.

## LANCASTER

AS OTHERS SEE US.

Interesting Article From The Pen Of Hon. James Maret.

The Mt. Vernon Signal has the following in its last issue from the trenchant pen of Hon. James Maret, of that city and President of the Boone Way Association.

"The writer was in Lancaster three hours last Friday, a place he had not visited for a few years back. He was surprised at the many improvements observable in the way of many new and commodious buildings, better streets, business houses, graded and high schools, ice plant, electric lights, churches, water works and good roads to that 'Land of Now.' Among the latest improvements of note is the new cupola, now nearing completion on the court house, and a general overhauling of that historic building, 48 years after its erection. Keg Mason met us and spoke of our boyhood days when we played on the foundation of this same court house when under construction just after the war. Lancaster has a newspaper that would be a credit to any town or city in this or any other state. The Kengarian maintains its position as one of the leading hotels of Central Kentucky. Conn's machine shop is right there with the goods. The Bastins, who were pioneers in the telephone business in Garrard, Lincoln and Rockcastle, have closed out their interest in wires and the various members are engaged in ice plant, grocery store, lumber and coal yards, builders hardware, building contractors and farming. Hugh Logan looks as well as ever. Haselden's restaurant is a peach, and none in the larger cities excel in its fittings or its culinary attainments. Re-construction is going along on the roads leading out of Lancaster over Boone Way and other routes. Boone Way markers, the first ever put on the route between Louisville and Cumberland Gap, show up over entire route through Garrard. The improvements being made on public square, the space where a park used to be in Lancaster, will add 99 per cent to the appearance of that space. It's not been so many years ago since Lancaster was jolted out of its Rip VanWinkle tendencies by an aggressive, pushing, live wire Commercial Club that threw into the ring the slogan of 'Land of Now' and it has made good. Eight tenths of advanced condition in the city and a good big portion of that throughout the county, is directly traceable to the efforts of that organization which want things done right 'NOW!', and it appears from results attained, they usually get what they go out after. All honor to its members.

Monday afternoon the Lancaster Boy Scout Foot Ball team met the Berea Boy Scout eleven on the home grounds. The Berea team was heavy and fast but the splendid playing of the Lancaster eleven won the game. Captain Kinnaird Jr. managed the team well and "Tubby" Dickerson played a star game at left half, carrying the ball over the Berea goal line on a series of hard bucks.

Curtis Sanford at end did splendid work at breaking up Berea's end runs. These runs were hard to stop and often threatened the Lancaster goal. The score was 6 to 0 in favor of Lancaster but the Berea team were good losers and went home in a good humor.

## TO COLLECT OVERCHARGES

First Effort Made by Coal Dealer of Delaware.

Columbus, Oct. 28.—First efforts of coal dealers and consumers to collect overcharges from the Hocking Valley Railway company as a result of the supreme court's action in sustaining the public utilities commission's order of reducing freight rates on coal from the Nelsonville district in 1911, was made when T. E. McElfresh of Delaware filed a complaint with the utilities commission asking that he be allowed judgment against the railroad company for \$264.31. After the commission's order reducing the rates, in 1911, McElfresh, as well as all other coal dealers who obtained their supply over the Hocking Valley, were charged at the old rates, until a few months ago, when the supreme court upheld the commission's order. Now these coal dealers and others are asking for a refund of the overcharge, the difference between the old rates and the new rates.

## IN PLAIN VIEW OF THE ENEMY

General Villa's Army Encamps South of Agua Prieta.

## CARRANZISTAS EXPECT ATTACK

Latter Hold Well Fortified Positions and Have Been Reinforced by the Arrival of 4,000 Men—Nearly 7,000 American Troops at Scene to Protect American Lives and Property. Strength of Rival Forces.

El Paso, Tex., Nov. 1.—The army of General Villa is encamped on the hills south of Agua Prieta, Sonora. The troops are in plain view of the garrison of Carranza soldiers under General P. E. Calles.

Whether an attack will be delivered upon the waiting Carranza troops remains to be seen. There are those who believe that Villa will not make the attack because of the preparations made to resist him. Others believe that he will throw his half-starved force of men against the well entrenched Carranza forces and make a final desperate attempt to drive them, by the fury of his assault, over the line into Arizona as his last hope.

In the event of damage to American life or property, Villa runs the risk of having to fight 6,500 United States troops along with the Carranza garrison that should now number more than his own. The Carranza garrison was reinforced by the arrival of five train loads of fighting men through American territory from Piedras Negras, Coahuila.

American troops commanders at Douglas, Ariz., estimate the Calles force behind the Agua Prieta fortifications at between 3,500 and 4,000 men prior to the arrival of reinforcements. Carranza officials declare that 5,000 reinforcements arrived there Saturday and Sunday. Sixteen pieces of field artillery are known to have arrived, also a number of machine guns. The Calles troops, many of whom are Indians, are well fortified and the location of Agua Prieta is somewhat above the ground over which Villistas will have to attack.

Villa claims 8,000 men. He has not said to have sixty pieces of artillery. There was skirmishing between Carranza outposts and advance guards of Villistas. Several Villista bands were driven back and in some instances the Carranza outposts, after firing at the advancing enemy, hurried back to the protection of the Agua Prieta guns.

## WEEKLY WAR REVIEW

Ecclipsing every other element in the Balkan situation is the attitude of Greece, principally because that attitude remains as puzzling as it was when the invasion of Serbia began. The entente powers have been insisting upon a positive and unqualified decision and prompt subsequent action on the part of the Hellenic kingdom, and if neither is forthcoming soon these powers will send the word to King Constantine: "Inter-vene or demobilize."

Meanwhile the Austro-German and Bulgarian forces have been pushing their advance into Serbia. The two forces have effected a junction in the extreme northeastern section of Serbia, clearing the way for the Russian of German war supplies into Turkey.

A great enveloping movement, with Nish, Serbia's capital, as its center, is being attempted jointly by the Germans and Bulgarians. The most important stroke made in this movement was made by the Bulgarian center, which, according to Berlin, "victoriously entered the Serbian fortress of Pirot." The capture of Pirot places the Bulgarians thirty-five miles southeast of Nish.

A London dispatch of Oct. 31 states that strong forces of the entente allies are on the way to the relief of the hard-pressed Serbians and to bar, if possible, the advance of the central powers through the Balkans. British troops which have been landed at Salonica are reported in dispatches from that port to have been ordered to the Serbian front, where a junction with the Serbians already has been effected.

Russian resistance in the Riga district evidently is holding firm, as the Germans admit a retirement south across the Misa near Palanken after they had advanced on the north bank of that stream. In the southern sector of the eastern front, General Von Linzinger is reported on the offensive and is gaining ground against the Russians in Galicia.

Latest reports from the Austrian-Italian front bring conflicting statements from the Austrians and the Italians, the latter claiming substantial gains, while the Vienna war office records a series of repulses for the invading forces.

On the western front artillery duels have been in progress, without appreciable gains being made by either side. Paris reports, Oct. 31, a terrific bombardment of French positions in the Champagne, followed by desperate infantry attacks on the part of the Germans, who succeeded, according to the report, only in attaining the summit of the Butte de Tahure. German losses are reported to have been heavy.

## ONE KILLED; ONE INJURED

Motorcyclists Come to Disaster in Accident Near Paris, Ky.

Paris, Ky. (Special): One man was instantly killed and another received injuries which it is thought will prove fatal in a motorcycle accident which occurred on the Lexington pike about four miles from Paris.

Emmett Mastin, who was driving the machine, was accompanied by Elger Collins, who was riding on the rear seat. Both of the men resided in Millersburg, this county. They had been in Lexington and were returning home. Rounding a sharp curve at a rapid speed, the machine became unmanageable. It struck a rail on the interurban track and both men were thrown violently forward.

Collins struck the rail on his head. His skull from his forehead to the chin split open. Death was instantaneous.

Mastin was thrown a distance of thirty feet. He received a broken leg and arm, a sprained back and serious internal injuries.

### PRINCESS GIOVANNA OF ITALY.

Princess Giovanna's own country involved, but that of her grandfather as well. The princess's grandfather is the king of Montenegro, and since the war began, a year ago last August, his country has been at war. Montenegro is one of the smallest kingdoms in Europe and has a population of about 500,000. The king's name is Nicholas. So you see the little princess lives in troublous times, many of her near relatives being soldiers.

### "Up Jenkins."

Up Jenkins is an amusing game, and it requires at least three on each side of the table. Captains are chosen for each side. The side that has the coin (a quarter is preferable) must pass it along its side, or pretend to pass it until the opposing captain calls "Up Jenkins," and those on the side with the coin holds their hands up high, tightly closed. The captain then calls "Hands down," and all bring their hands upon the table, palms downward.

The captain looks at the hands before him and orders each hand in turn off the table that he thinks has not the coin under it. If the coin is discovered to be in the hand last off the table the coin goes to the side of the captain who guessed correctly, but if he guesses incorrectly and the coin is under one of the hands he has ordered off the table, the side holding the money keeps it again and wins that game.

### Ants That Sew.

A writer in the Visitor tells of a party of German naturalists recently returned from Ceylon, who have reported the existence of a species of ant that has been observed in the act of sewing two leaves together for the purpose of forming a nest. This report confirms the observations of the English naturalist, Ridley, made in 1890. They saw a row of the insects pulling the edges of leaves together, then others trimming and fitting the edges and finally the completion of the work by still other ants, which fastened the edges with a silky thread yielded by larvae of the same species, which the workers carried in their mandibles. It is said that the sewing ants pass the thread-giving larvae like shuttles through holes in the edges of the leaves.

### Lucky Boy.

An extraordinary accident is reported from the neighborhood of Malden, England. A lad, eight years of age, was flying a kite when he stepped backward into a forty foot quarry. To the great horror of the bystanders. Fortunately for the little fellow, the string of the kite was tight around his wrist, and the kite, acting as a parachute, effectually broke the violence of the fall, and he was only slightly bruised.

### Rockaby Ocean.

Oh, the Rockaby ocean  
How waves that are high,  
And they break on the shore  
Of Go-Sleepy-By.  
And each time I hear  
A soft, drowsy sigh,  
And each time I see  
A little shut eye.  
And when all the waves  
Are quiet again  
So quiet on Rockaby  
Ocean, why, then  
The little bed boats go sailing away,  
Sailing and sailing until it is day.  
And the white moon of dreams  
Comes out in the sky  
And shines on the little  
Bed boats that sail by.  
And shines on the shore  
Of Go-Sleepy-By,  
And tickles the lids  
Of little shut eye.

### A Thanksgiving Cue.

Candle shades are made for Thanksgiving decoration by painting fruit designs on paper and cutting away the spaces between the patterns. Designs in which the stems and leaves form a trelliswork should be used, and the more cutting out the scheme admits of the better. The frame chosen is the simple style in which there are two circles, a smaller above a larger, and in which the shade has a flat surface and sloping sides. The wire is then covered with thin silk gathered to both edges, the color being chosen to contrast prettily or to harmonize with the fruit scheme. Lattice designs are good, and plums, peaches, oranges and the grapes are painted to trail all over lattice-work. Flowers, such as pansies, wisteria, peonies, roses and chrysanthemums, are painted in brilliant and natural colorings, and the stems are twisted in and out to form the intersections.

A pretty idea is to match the shade decoration in the flowers of the centerpiece, using glass candlesticks and setting the center one into a great mass of the flowers, which are so arranged as to bank around it without vase or bowl being visible. Chrysanthemums in red and white and yellow shades make a lovely combination. In which the lining can be of the lighter color and the most of the outer decoration in the dark.

The painting is done with water colors, but when this is too laborious a process wall paper can be used and can be found in many latticed patterns which are even more effective than the water colors.

### Sun Baths.

Prolonged exposure of the human body to bright sunlight for those not accustomed to its rays is dangerous. The damage is more than the sun-burn which results, for physicians have shown that headache and symptoms of meningitis have developed after youths under their observation have been sitting or lying several hours in the sunlight with unprotected heads. Sun baths are most popular with anemic and nervous city indoor workers, but too much sun is apt to harm the nerve system of nervous people. Instead of being benefited by long exposure to the sun the nervous are rendered more nervous. No one welcomes more than the physician the "back to nature" tendency of recent years, but they are now being careful to warn against excesses and abuses in the "enjoyment of nature."

News has just reached here of the death of Mr. G. W. Woner at the home of his son in Missouri. He was a resident of this county until several years ago he went to be with his sons in Mo. He was 89 years old and had been suffering from cancer of the stomach for some time. He will be well remembered by a host of friends here as a member of the church at this place for many years and was a great church worker. He leaves two sons and one daughter who reside in Mo., and one daughter, Mrs. Joseph Rogers of Danville, Ky., who was at his bedside for two weeks before his death. The friends here extend their sympathy to the bereaved ones in their sorrow.

Stanley carried Lincoln county only 25 votes over Morrow; W. G. Gooch, democratic candidate for Representative defeated Ed Hubbard, republican candidate by the majority of 35, and M. C. Newland democratic nominee for Circuit Clerk defeated W. R. Dillon, republican nominee 99 votes.

Everything went off quietly here Tuesday, election day. There were only two or three disturbances during the entire day. The Council race really created more excitement than the State race here. The Old Board composed of J. B. Paxton, J. F. Cummins, J. C. Eubanks, S. M. Sautley, B. F. Rout and J. A. Manning was defeated by the New Board composed of W. B. O'Bannon, H. C. Rupley, W. B. Hill, Harry Hill, Will Hocker and E. L. Reinhart. The town race has been the talk of the town for the last three or four weeks and both boards had been working almost night and day. This is the first time that the old board has ever been defeated.

The November term of Circuit Court convened here Monday morning, Judge Charles A. Hardin presiding. Commonwealth's Attorney instructed the grand jury, laying special emphasis upon the illegal sale of intoxicating liquor and the carrying of concealed weapons and stated that in his opinion from 80 to 90 per cent of the crimes committed in this district were due to these twin evils. He also instructed the jury as to false swearing, claiming that there would likely be witnesses brought before them who cheerfully swear falsely and impressed them with the fact that in any case where proof could be had that they should return indictments for false swearing. Court was adjourned until Wednesday on account of election.

## BAPTIST CHURCH.

If the church is a good thing for the town and community, why not attend its services?

In heathen lands where the church does not exist, womanhood is degraded, and is not considered as important as the beasts that perish.

The Hindus think it a disgraceful act for a woman to listen to music, or look out at the window, in the absence of her husband. To eat before her husband has finished his meal, is considered good grounds for divorce. She must wear a ring in her nose, and wear shoes three numbers too small. This last however, would not trouble the high heel sister of today.

But such is the condition of womanhood where the gospel is not preached, and if such be the case where the church does not exist, who can say it would not be the same in this country, if the church should be blotted out of existence?

So then, an institution so important as the church should not be ignored by any man who calls himself a citizen. He should at least give the church the sanction of his presence on the Lord's day. If you say the preaching and singing are not entertaining, I answer that you are not surprised to go to church just to be entertained. You can get that at the picture show six days in the week. No, we will not agree to entertain you, but if you will appear at the Baptist church on next Sunday morning we will do our best to preach a good sermon on the subject: "King of Glory", and in the evening at 7 o'clock the subject will be: "What God did with a great woman".

A. J. Clere, Pastor.

## Despondency Due to Indigestion.

It is not at all surprising that persons who have indigestion become discouraged and despondent. Here are a few words of hope and cheer for them by Mrs. Blanche Bowers, Indiana, Pa. "For years my digestion was so poor that I could only eat the lightest foods. I tried every thing that I heard of to get relief, but not until about a year ago when I saw Chamberlain's Tablets advertised and got a bottle of them, did I find the right treatment. I soon began to improve, and since taking a few bottles of them my digestion is fine." For sale by all dealers. 1-m.

NEW SUITS. NEW COATS.  
OUR FALL SHOWING IS NOW AT ITS VERY BEST.

Our buyer on his recent trip to New York was fortunate in securing some wonderful values in Coats, Suits and Dresses, all of which are now in, and afford a wide selection of late season styles at prices not possible earlier in the season.

Prominent in the collection are a great many single Sample Suits and Coats in Velvets and Broadcloths, beautifully trimmed in handsome furs and braids. There being only one of a kind of these garments will insure individuality in style, as well as extreme lowness in price.

We direct especial attention to our new showing of stylish Suits for stout women in sizes 39 to 51 bust measure. Suits that have all the style of regular sizes, in fur and braid trimmed, at \$25.00 to \$45.00.

## Splendid Values for November, Selling in Plain or Trimmed Tailored Suits:

Mrs. Betty Griggs left Tuesday for a visit to Miss Agnes Henderson near Lancaster.

Mrs. R. M. Lear returned Wednesday from a visit to Mr. and Mrs. Reid Lear in Middlesboro.

Mr. Hubert Ellis, is in from Cincinnati on a visit to his parents, Mr. and Mrs. C. S. Ellis.

Mrs. A. B. Wynn entertained Mr. and Mrs. C. E. Williams of Madison, Indiana on Saturday evening.

Quite a number of young people attended the measuring party at Kirksville, Thursday evening.

Mesdames Howard Hampton of Winchester and David McKinney of Richmond came Tuesday to be the guest of their sister, Mrs. I. C. Rucker.

Mr. and Mrs. E. C. McWhorter, Misses Lula McWhorter and Ethel Estridge motored to Foxtown Saturday for the Baptist Sunday School Convention.

Dr. George A. Hendron and F. M. Walker came up from Louisville Friday to see Dr. Walker's father, Mr. J. Wade Walker, who continues ill at his home near here.

Mr. and Mrs. C. E. Williams and Miss Geneva Rucker motored through from Madison, Indiana Friday and spent the week-end with Mrs. Williams' parents, Mr. and Mrs. I. C. Rucker.

The entire community was startled Friday morning when it was learned that the safe at the depot had been blown open the night before. Luckily Mr. Hall had deposited the greater part of the funds in the bank during the afternoon so only about \$20 was taken by the burglars, and they succeeded in making a complete get away as not a clue has been found as to who might have been the guilty parties.
